PROFIL

My name is Abdelaziz El Idrissi, and I have 1 year of experience in the tech industry, Experienced in React. I prioritize responsive design, Ux/UI, SEO, and committing to best practices.

Beyond my technical skills, I'm a sporty and sociable person, bringing positive energy to the workplace.

I'm open to new opportunities where I can join your development team as a Front-end Web Developer, learn more, meet new people in the field, and add value to your company.

PROJECTS

E-commerce application using React Js, Next Js

Personal Project - Rabat, MAR

- I created an e-commerce application with features including adding, modifying, and deleting products, a single product page, checkout, and purchase success page using Tailwindcss, Flexbox, Grid, and reusable components with state management.
- I managed all aspects of the web development project, from design to deployment using best practices.

SKILLS: HTML, CSS, TailwindCss, Javascript, Typescript, React JS, Next js, app router, Context api, Resend, Analytics, NodeJS, github actions CI/CD, vercel deployment, Eslint, local storage
